California walnuts and walnuts processing

Stand 4M108

Address 1640 State Highway 45
Glenn, CA 95943
United States of America

Website www.carrierefarms.com

Information Five generations of Carriere family farmers have been growing California walnuts in the fertile soil along the Sacramento River. **We supply shelled and in shell walnuts** to customers around the world and work closely with all our growers.

Food safety and quality assurance inform every step of our processing operations. We apply the globally recognized Good Manufacturing Practices and Hazard Analysis and Critical Control Point (HACCP) systems **to ensure quality and food safety.**

Our growers tell us we provide the best service in the business. An exceptional team of experienced, dedicated people takes pride in the personalized service they give to each and every grower **farming for Carriere Family Farms.**
