The Company

Founded in 1867, Barbours is a family-owned business with a passion for producing and packaging high-quality food products, made from the best ingredients.

Go ahead, go nuts

With over 80 years of peanut and tree nut processing experience, we can custom blend a simple paste or a formula with up to nine inclusions. Each of our nut butter is available in a range of packaging options to meet your unique needs. We can also blend nut butter to your own specification, including organic.

We specialize in providing nut fillings for confectionery and candy customers. As your Natural and Organic nut butter experts, the Barbours team can formulate a recipe to meet your needs.

Over 100 years of tea expertise

Choose from one of our house blends, have our Tea Master create a custom blend just for you, or we can blend a tea to your specifications, including organic.

In the hands of our Tea Master, each tea becomes an unforgettable signature blend.

For over 100 years, Barbours has been using only the finest leaves and ingredients from around the world to craft our teas. Our Tea Master tastes over 100 cups of tea a day for quality control. It's something we believe will ensure our customers have a tea blend second to none.
