Horizon Nut Company

Premium California Pistachios

Stand 4N117

Address 26487 N Highway 99
Tulare, CA 93274
United States of America

Website www.horizonnut.com

Information The Horizon story began in 2001 when the original group of pistachio growers wanted to come together and oversee their collective hulling, drying and processing needs. The following summer, with 20 growers supporting this new entity, Horizon Nut LLC was incorporated. Once the hulling operation was installed in Lost Hills, and the processing facility was established in Tulare, Horizon Growers Cooperative was created to manage marketing needs.

Horizon Nut Company remains grower-owned and operates facilities in Firebaugh, Lost Hills, and Tulare. Innovation coupled with hands-on experience is what makes Horizon Nut Company a special place for growers to process their crop. Currently, over 45 growers call Horizon their home.

We do it all so we

NEVER COMPROMISE QUALITY

100% grower owned. Pistachios processed the way farmers intended them to be.
