**Information** Joolies may be new to you, but our founding family has been planting and growing organic medjool date trees for nearly two decades.

Joolies brings delicious, organic medjool dates from their palms to yours as a delicious, healthy on-the-go option for snackers everywhere. Medjool dates, also known as the king of dates, are a great source of energy, have a low glycemic index, and are full of beneficial nutrients. To ensure the best possible quality, Joolies dates are handpicked from the tree and carefully packed at peak ripeness.
