Product Non-alcoholic cider

The company

Muwin Estate Wines is an award winning owner-operated craft cider and fruit wine producer based in New Ross, Nova Scotia.

Brands

Muwin's two key brands are Bulwark Ciders and Muwin Fruit Wines. Muwin's Bulwark ciders were awarded best product of the year 2016 in its category by the Nova Scotia Liquor Board. Muwin has also won several medals including gold medals at the prestigious Canadian Brewers Awards and Great Lakes International Cider and Perry Competition in Michigan, USA. Over the years, Muwin has successfully exported its products to various markets including the United States, Germany, UK, China, South Korea, and Taiwan. Muwin's Bulwark handcrafted cider reflects our values: natural ingredients, exceptional taste, and outstanding craftsmanship. Muwin's quality fruits are harvested from the Annapolis Valley known for its fertile soil and unique micro-climate. Muwin is one of the few cideries in Canada that handles everything in-house. Apples brought to the cidery are juiced on site and slowly fermented, resulting in a natural cider that's never made from concentrate. The result is a premium balanced blend of sweetness, acid, and tannins which is bottled on site.

Bulwark Non-Alcoholic Cider Product Sheet 355ml

Bulwark Original non-alcoholic cider is the perfect indulgence without overindulging. It is crafted using a special fermentation technique to create a super low (0.5%) alcohol cider with no added sugar. This delicious non-alcoholic brew is made using Muwin's famous signature 5-apple blend of 100% Nova Scotia apples.

On the nose, this cider has a subtle apple aroma and a hint of fermentation notes that confirm a slight alcohol content in the cider. On the palate, it is crisp with sweet undertones and a light astringent finish. All in all, it is well-rounded and easy to drink non-alcoholic cider that tastes just like the real thing.
