

Purity Factories Ltd.

It all started in St. John's, Newfoundland in 1924 when Purity began creating mouth-watering classics such as Peppermint Nobs, candy kisses, and flavoured syrups. Using traditional recipes and only the finest quality ingredients, Purity soon became the sole producer of Hard Bread, which was followed by the development of British-style crackers and biscuits such as Cream Crackers, Lemon Creams, and Ginger Snaps. Today, Purity produces over 50 different products and continues to flourish. Purity's cookies have an authentic feel that invokes the comforting memories of home. The Purity products that have become a tabletop tradition in Newfoundland are now popular right across the country. At Purity, we recognize the importance of consistency, and dependability, that our customers have come to rely on for nearly 100 years. What has never changed is the superiority that the Purity name stands for: our Purity freshness, Purity goodness, and that great Purity taste.
