

## W.A Grain & Pulse Solutions

W.A Grain & Pulse Solutions is a Canadian owned vertically integrated pulse processor that sources directly from Canadian farmers. We own and operate facilities that clean, sort, mill, blend, and process NON-GMO Canadian grown pulse products for shipping world-wide. Our product line includes Green, Yellow, and Maple Peas, Lentils, Chickpeas, Faba, Black and other Beans in Conventional and Organic formats. W.A. Grain & Pulse Solutions also processes dehulled and pearled barley. Our expertise also includes cereals including Wheat, Barley, Oats and Rye; and oilseeds covering Canola, NON-GMO Canola, Flax, and Mustard. We make it easy for you to get your needs fulfilled. Our facilities have the flexibility to package any of our products in bulk containers, 1,000kg totes, and 25kg bags. Whatever your agricultural commodity needs are, W.A. Grain & Pulse Solutions has facilities nation-wide in Canada to conquer potential logistics challenges, and get quality products to your port of choice, for prompt shipment.
